The Most Important "Labor Saver" Now Made for City Homes is The Little Gas Water Heater

OTHER "labor-savers" are mostly built to lighten the work connected with a single task. —But the Little Gas Water Heater plays a prominent labor-saving part in connection with most every task in the housewife's program. To go without steaming hot water which a gas heater alone can render is a woeful mistake. A standard size for average requirements will heat twenty gallons in thirty minutes at a cost of two cents for gas — and

We sold 4,000 of this type last year—have sold 5,300 in 1916, and have just received two more carloads from the manufacturer.

Many of our customers are also installing this style heater as an auxiliary to the coal-fired water heater, to supply steaming hot water when the regular supply is not hot enough.

See one of these efficient Gas Water Heaters demonstrated at our Water Heater Department in the Peoples Gas Building, or at any of our Branch Stores. If you cannot call, write a postal or telephone Wabash 6000 and we will send you complete information.
